

ASSIGNMENT - ANIMATION ON A GUIDE

ANIMATION ON A GUIDE

Will not be accepted for a grade after the due date

Must be on the server in order for you to receive a grade

DESIGN

Your design must make sense.

All objects must be created in flash.

Cannot include sun or moon etc.

Create a whole environment that works with your animated object(s)

DIMENSIONS

Full Screen

ANIMATION

At least one object must be animated on a guide.

Any looping must be logical. If the object leaves one side of the stage it must come back in on the same side.

WEB

You need to publish in Flash select EXACT FIT. You also need to have all margins for the Body (html) at 0

Use the web page from Flash.

The background color of the page and the assignment need to be correct

SERVER

Upload to school server as directed in class

Your Portal Page must contain a link to this project

TEST

Test the site to make sure that it works
